ABOUT US

Run by investors, for investors.

The Vaughan Investors Club (VIC) was founded by business partners and investors **Sandy Mackay, Chris Chopite and Martin Kuev**. Collectively our founders have over $200MM in assets under management, are seasoned investors themselves, and have each built independent businesses. They wouldn't be where they are today without the relationships they built in networking groups, so they built one of their own.

Whether our members are new or experienced, looking for passive income or to be hands-on, VIC helps them **Build Wealth and Live Life**, with a philosophy built on cash flow and predictable returns rather than market speculation.

THE VIC FAMILY

VIC is more than meetups. Our members don't just learn, they act, and our three brands are working with active and passive investors every day:

VIC REALTY GROUP VAUGHAN INVESTORS CLUB

Helps active investors find, buy and sell properties, and buy and sell their own homes.

VIC CAPITAL PARTNERS VAUGHAN INVESTORS CLUB

Works with passive investors who want real estate without being landlords.

VIC COACHING NETWORK VAUGHAN INVESTORS CLUB

Coaching with Martin for investors who want a plan and someone in their corner.

WHO YOU'LL MEET
